Notes:

- 1 The above results were reviewed by the Statutory Auditors, recommended by the Audit Committee and approved by the Board of Directors of the Company at its meeting held on 14th November, 2021.
- 2 The Company is engaged in the business of Tyre & Tubes only and therefore, there is only one reportable segment in accordance with the Accounting Standard on Segment Reporting (AS-17).
- 3 Covid-19 outbreak as a pandemic has led unpredictable challenges to the Company. Operations of the Company were adversely impacted during the first wave of Covid-19 due to imposition of national lockdown by the Government of India. The Company was trying to regain its operational capacity after relaxations in restrictions of lockdowns. However, due to resurgence of COVID-19 cases during the second wave in India, the entire operations and production cycle have been adversely impacted. Meanwhile due to disturbance in supply chain of materials, all input costs have risen significantly. Since the Company could not achieve full operational capacity, it was unable to pass on the price rises to its customers for pre-confirmed orders. This has resulted in pressure on Company's operating margins.
- 4 Due to Covid-19 led challenges, The Company is undergoing substantial financial stress since beginning of the previous financial year. The Company has suffered consistent downgrades in its credit ratings and there was a continuous pressure on working capital financing which has been exacerbated due to further delay in approval of restructuring of its banking facilities. These developments have resulted into mismatch between its assets and liabilities and delay in making certain statutory and other payments. The Company is taking active steps for effective utilisation of its assets and overcoming the current situation.
- 5 The previous half years/years' figures have been regrouped/rearranged wherever necessary to make it comparable with the current period.

Limited Review Report

**Review Report to
The Board of Directors
Innovative Tyres & Tubes Limited**

We have reviewed the accompanying statement of standalone unaudited financial results ('the Statement') of **Innovative Tyres & Tubes Limited ('the Company')** for the half year ended on 30th September, 2021 being submitted by the company pursuant to the requirements of Regulation 33 of SEBI (Listing Obligation and Disclosure Requirements) Regulation 2015, as amended read with SEBI Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019. This statement is the responsibility of the Company's management and has been approved by the Board of Directors. Our responsibility is to issue a report on these financial statements based on our review.

We conducted our review of the statement in accordance with Standard on Review Engagements (SRE) 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity" issued by the Institute of Chartered Accountants of India. This Standard requires that we plan and perform the review to obtain moderate assurance as to whether the statement of financial results is free of material misstatement. A review is limited primarily to inquiries of company personnel and analytical procedures applied to financial data and thus provide less assurance than an audit. We have not performed an audit and accordingly, we do not express an audit opinion.

Based on our review conducted as above, nothing has come to our attention that causes us to believe that the accompanying statement of unaudited standalone financial results prepared in accordance with AS i.e. applicable accounting standards and other recognised accounting practices and policies, has not disclosed the information required to be disclosed in terms of Regulation 33 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 read as amended, with SEBI Circular No. CIR/CFD/CMD1/44/2019 dated March 29, 2019 including the manner in which it is to be disclosed, or that it contains any material misstatement.

Emphasis of Matter:

Attention is invited to the following:

The Company has incurred operating losses and is undergoing substantial financial stress. Operating margins of the Company has been reduced due to higher input costs, lower capacity utilisation etc. during the half year ending 30th September 2021. The Company is unable to utilise its assets effectively and therefore there is a reduction in ratio of its assets over liabilities.

BRANCH:

The Company has incurred losses of Rs. 1586.26 Lacs during the half year ending 30th September 2021 and has net current liabilities of 5099.36 Lacs as on 30th September 2021. Further the credit rating of the Company is also downgraded to "D grade" from "BB grade". These factors have substantially impaired ability of the Company to raise or generate funds to repay its obligations. We believe that sustainability of its business will be impaired in case of such factors persist for longer period.

Our review conclusion is not modified in respect of this matter.
